

Subject: COVID-19 vaccination & rapid testing verification for all Civeo lodges in the RMWB

Hello,

Starting **Saturday, January 1**, Civeo will be validating COVID-19 proof of vaccination or a negative RAS COVID-19 test completed within 72 hours of arrival will be required to check-in to all Civeo lodges in the Regional Municipality of Wood Buffalo.

As of **Saturday, January 15**, proof of vaccination or rapid test will be required to check-in at Civeo lodge. Failure to provide vaccination requirements will result in denied check-in.

Please arrive prepared with your documentation.

Show one of the following to complete the check-in verification process for access to the lodge:

- 1) Proof of full COVID-19 vaccination (two shots) for a period of no less than 14 days, or
- 2) Proof of a negative COVID-19 rapid test administered through a certified third-party testing company within the last 72 hours. Please note that Civeo will no longer be offering COVID-19 rapid tests at the lodge and will not be responsible for any of the associated costs of the testing requirement.

The new check-in verification process will assist in creating a safe environment where we can avoid having to implement restrictions to guest services that result when escalated pandemic protocols are necessary.

Thank you for your patience and understanding as we all adapt to the measures designed to protect the health and wellbeing of our guests, employees, and contractors. If you have any questions or concerns, please do not hesitate to contact the Lodge Manager on duty.

QRG

1) Vaccination verification for FIFO

- a) If provided prior to boarding, guest may proceed to check-in

2) Vaccination verification for BIBO

- a) Please proceed to the front desk to complete the check-in process
- b) Please note guests who have driven to site will be required to check-in at the front desk

3) Lodge check-in kiosk

- a) Only valid at certain lodges with check-in kiosks if flown in and vaccination verified prior to boarding.

4) Has your health changed since your pre-travel screening?

- a. If No, you may proceed to check-in
- b. If Yes, please proceed to the front desk for further instruction

Proof of vaccination requirements

Proof of full vaccination may be printed or electronic.

IMPORTANT: Please ensure any documentation or screenshots of documentation align to the following:

The Canadian COVID-19 proof of vaccination is now available in all provinces and territories. Alberta has updated its vaccine passport with the QR code.

- **The proof of full vaccination must contain the following:**
 - Guest's name (similar names are acceptable (e.g. Bill/William) matched against their identification.)
 - Date of birth
 - Indication the guest has received two doses of an approved two dose COVID-19 vaccine (Moderna, Pfizer-BioNTech or AstraZeneca/COVISHIELD or one dose of an approved single dose vaccine (Janssen – Johnson & Johnson)
 - A guest with a dose of an authorized vaccine and a dose of a different authorized vaccine (e.g. AstraZeneca and Pfizer) is considered to be fully vaccinated.
 - Vaccine name and manufacturer must be indicated.
 - **The date you received your last dose must be at least 14-days before your date of travel. If not at least 14-days before date of travel, you will be required to show a negative COVID-19 molecular test (PCR) result.**

The PDF version of the Canadian COVID-19 proof of vaccination says “COVID-19 Proof of Vaccination” at the top of the document.

It's a bilingual document and also displays the official logos of

- your province or territory **and**
- the Government of Canada

If you're using your proof of vaccination in an app

Your proof of vaccination may look different depending on which app you use. However, it will always display the QR code, which has your COVID-19 vaccination information.

Proof of a negative COVID-19 rapid test

- Proof of a negative COVID-19 rapid test administered through a certified third-party testing company within the last 72 hours.
- Civeo will no longer be offering COVID-19 rapid tests at the lodge and will not be responsible for any of the associated costs of the testing requirement.
- Please refer to your specific employer guidelines and contact your leader

Denied check-in or failure to provide vaccination requirements

- Work with your employer representative for alternatives.
